PROFESSIONAL SUMMARY

Computer Science student at the University of Michigan-Flint seeking an internship or entry-level opportunity in software development, database systems, or information technology. Experienced with Python, Flask, SQLite, SQL, HTML/CSS, and AI-assisted development through hands-on web applications and team-based software projects.

EDUCATION

University of Michigan-Flint - Flint, MI

Bachelor of Science in Computer Science | Expected December 2026

Mott Community College - Flint, MI

Associate in Science | Dean's List | January 2021 - April 2023

TECHNICAL SKILLS

Languages: Python, SQL, HTML, CSS, C, C++, Java | **Frameworks & Data:** Flask, SQLite, Oracle SQL, PyTorch

Tools & Workflows: Git, GitHub, Visual Studio Code, DB Browser for SQLite, OpenRouter API, LLM prompting, AI-assisted debugging, AI agent workflows

Coursework: Database Design, Algorithms, Software Engineering, Operating Systems, Data Structures, Software Testing

PROJECTS

Inventory and Billing System | University of Michigan-Flint | Spring 2026

Developer / UI and Project Schedule Contributor

- Developed a Flask and SQLite web application for inventory, billing, sales, and account workflows.
- Built item management, stock tracking, transaction processing, automatic inventory deductions, and quantity-based billing.
- Implemented role-based access for Admin, Manager, and Regular User accounts with login and logout activity logs.
- Collaborated on a three-person team across UI design, scheduling, testing, documentation, and presentation planning.

AgentFlow - Capstone Project | University of Michigan-Flint | Spring 2026

- Designed documentation for an AI-agent software system using LLM requests, prompt workflows, API integrations, and agent coordination.
- Created use cases, test cases, user stories, acceptance criteria, and system diagrams for AI-supported behavior.
- Researched OpenRouter API workflows and used AI tools responsibly for brainstorming, debugging, and documentation refinement.

EXPERIENCE

Delivery Driver / Shift Support | Jimmy John's - Davison and Grand Blanc, MI | June 2019 - Present

- Deliver orders accurately while supporting closing responsibilities, daily operations, and fast-paced customer needs.
- Resolve customer concerns and employee conflicts with calm, professional communication.

Direct Care Worker | Flatrock Manor - Lapeer, MI | October 2017 - July 2018

- Supported resident care, communicated with healthcare staff, documented care information, and remained calm during tense situations.

Retail Sales Associate | Best Buy - Flint, MI | October 2018 - December 2018

- Helped customers understand technology products, features, and protection plan options so they could make informed decisions.

LEADERSHIP, AWARDS & SERVICE

Software Engineering Group Project Team Member - Collaborated on the design, documentation, timeline, requirements, and presentation of a semester-long software system.

Flint CANUSA Olympic Gold Medalist, Sporting Clays (2016) | Second in Michigan, Sporting Clays (2014) | 120 hours of community service
